

Dear SnowFlower Sangha Friends,

We are all invited to share in a very special event on November 28, when we join Sanghas worldwide in our walking meditation. This is our third year joining the International Sangha and the theme this year is wonderful: **Planting Seeds of Community**

We will gather at the UW Arboretum, 1207 Seminole Highway, Madison, starting in front of the Visitor Center at 11 AM on November 28. We'll begin with Plum Village practice songs, offer contemplations for the walk and then share reading the names of the cities and countries where our Sangha siblings will be walking with us. We will mindfully enjoy walking together in the beauty of the Arboretum before closing the circle at around noon.

SnowFlowers and all family and friends of all ages are warmly invited.

With a grateful bow,

SnowFlower EarthHolders
